School Child Protection and Safeguarding Policy Framework

Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child.

(Keeping Children Safe in Education)

1. Ethos statement

We recognise the moral and statutory responsibility placed on all staff to safeguard and promote the welfare of all children. We aim to provide a safe and welcoming environment, underpinned by a culture of openness where both children and adults feel secure, are able to raise concerns and believe they are being listened to, and that appropriate action will be taken to keep them safe.

2. Introduction

The governing body/proprietor[1] recognises the need to ensure that it complies with its duties under legislation and this policy has regard to statutory guidance, Keeping Children Safe in Education (KCSiE), Working Together to Safeguard Children and locally agreed inter-agency procedures put in place by Suffolk Safeguarding Children Board.

This policy will be reviewed annually, as a minimum, and will be made available publicly via the school website or on request.

Safeguarding and promoting the welfare of children is defined as: protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

This policy is for all staff, parents, governors, volunteers and the wider school community. It forms part of the child protection and safeguarding arrangements for our school and is one of a suite of policies and procedures which encompass the safeguarding responsibilities of the school *(school to include appendix detailing school specific linked policies and procedures)*. In particular, this policy should be read in conjunction with the school's Code of Conduct/Staff Behaviour Policy (including Acceptable Use of ICT), Safer Recruitment Policy, E-Safety Policy and Anti-Bullying Policy.

The aims of this policy are to:

- Provide staff with a framework to promote and safeguard the wellbeing of children and young people and ensure that they understand and meet their statutory responsibilities;
- Ensure consistent good practice across the school.

The governing body/proprietor expects that all staff will know and understand this child protection and safeguarding policy and their responsibility to implement it. Staff must, as a minimum, have read and understand Part One of KCSiE. Governors will ensure that they have read and understand Parts One and Two of KCSiE.

The governing body will ensure that arrangements are in place for all staff members to receive appropriate safeguarding and child protection training which is regularly updated.

---

[1] In maintained schools the governing body is responsible for ensuring their functions are exercised with a view to safeguarding and promoting the welfare of children in accordance with section 175 of the Education Act 2002, for pupil referral units it is the management committee, in independent schools, including academies and free schools this duty sits with the proprietor. References to the governing body throughout this policy framework includes management committees.

Compliance with the policy will be monitored by the Head Of School, designated safeguardinglead (DSL) and named safeguarding governor.

3. Statutory framework

Section 175 of the Education Act 2002 in the case of maintained schools and pupil referral units[2],Section 157 of the Education Act and the Education (Independent Schools) Regulations 2014 for independent schools (including academies and free schools) place a statutory duty on governing bodies and proprietors to have policies and procedures in place that safeguard and promote the welfare of children and young people who are pupils of the school which must have regard to anyguidance given by the Secretary of State.

In accordance with statutory guidance, Working Together to Safeguard Children 2018, local safeguarding arrangements must be established for every local authority area by the three safeguarding partners (Local Authority, Police and Clinical Commissioning Groups). All three partners have equal and joint responsibility for a range of roles and statutory functions including developing local safeguarding policy and procedures and scrutinising local arrangements. In Suffolk, all professionals including staff in schools should work in accordance with the multi- agency procedures developed by the Suffolk Safeguarding Partnership (SSP) which can be found on their website at: https://www.suffolkscb.org.uk/

A Local Safeguarding Children Board (LSCB) must be established for every local authority area[3].The LSCB has a range of roles and statutory functions including developing local safeguarding policy and procedures and scrutinising local arrangements. In Suffolk, all professionals includingstaff in schools should work in accordance with the multi-agency procedures developed by the Suffolk SCB (SSCB) which can be found on their website at: http://suffolkscb.org.uk/.

4. Key roles and responsibilities

Governing Body
The governing body has a legal responsibility to make sure that there are appropriate policies and procedures in place in order for appropriate action to be taken in a timely manner to safeguard andpromote children and young people"s welfare, and to monitor that the school complies with them.
The governing body should also ensure that the policy is made available to parents and carers by publishing this on the school website or in writing if requested.

The governing body will ensure that the school contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children and that the school's safeguarding arrangements take into account the procedures and practice of the local authority.

It is the responsibility of the governing body to ensure that staff and volunteers are properly vettedto make sure they are safe to work with the pupils who attend our school and that the school has procedures for appropriately managing allegations of abuse made against members of staff (including the headteacher and volunteer helpers).

---

[2] Section 175, Education Act 2002 – for management committees of pupil referral units, this is by virtue of regulation 3 and paragraph 19A of Schedule 1 to the Education (Pupil Referral Units) (Application of Enactments) (England) Regulations 2007
[3] Please note that in accordance with Working Together to Safeguard Children 2018, Suffolk Safeguarding Children Board will be working towards transition to the new Safeguarding Partner Arrangements, which should be in place byJuly 2019. This policy will need to be revised to reflect the new arrangements.

The governing body will ensure that there is a named governor for safeguarding, a Designated Safeguarding Lead (DSL) who has lead responsibility for safeguarding and child protection, and adesignated teacher to promote the educational achievement of children who are looked after or previously looked after, and will ensure that these people have the appropriate training.

The governing body will inform Suffolk County Council annually about the discharge of theirsafeguarding duties by completing the safeguarding self-assessment audit.

Designated Safeguarding Lead (DSL)
The DSL should take lead responsibility for safeguarding and child protection (including onlinesafety). This should be explicit in the role-holder's job description. (The broad areas of responsibility and activities related to the role of the DSL are set out in Annex C of KCSiE).

The DSL will have the appropriate status and authority to carry out the duties of the post.

The DSL and any alternate DSLs should liaise with the local authority and work with otheragencies in line with Working Together to Safeguard Children.

During term time, the DSL and/or an alternate should always be available during school hours forstaff to discuss any safeguarding concerns. The DSL will make arrangements for adequate and appropriate cover arrangements for any out of hours/out of term time activities.

The DSL will undergo training to provide them with the knowledge and skills to carry out the role.This training will be updated every two years.

Headteacher
The Headteacher will ensure that the policies and procedures adopted by the governing body are fully implemented and that sufficient resources and time are allocated to enable staff members to discharge their safeguarding responsibilities.

All staff
All staff have a responsibility to provide a safe environment in which children can learn.

All staff must read and ensure they understand Part One of KCSiE.

All staff must ensure they are familiar with the systems within school which support safeguarding, including the safeguarding and child protection policy, the code of conduct/staff behaviour policy, the safeguarding response to children who go missing from education, and the role of the DSL (including the identity of the DSL and any alternate).

All staff should be aware of the types of abuse and neglect so that they are able to identify casesof children who may be in need of help or protection.

All staff should know what to do if a child tells them he/she is being abused or neglected.

All staff should be aware of the process for making referrals to children's social care and for statutory assessments under the Children Act 1989 that may follow a referral, especially section17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) along with the role they might be expected to play in such assessments.

All staff should be aware of the early help process and understand their role within it. This includes providing support as soon as a problem emerges, liaising with the DSL, and sharinginformation with other professionals in order to support early identification and assessment,

focusing on providing interventions to avoid escalation of worries and needs. In some cases, staff may be asked to act as the lead professional in undertaking an early help assessment.

Any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- Is disabled or has certain health conditions and has specific additional needs;
- has special educational needs (whether or not they have a statutory Education, Health and Care Plan);
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines;
- is frequently missing/goes missing from care or from home;
- is at risk of modern slavery, trafficking, sexual or criminal exploitation;
- is at risk of being radicalised or exploited;
- has a family member in prison, or is affected by parental offending;
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse;
- is misusing drugs or alcohol themselves;
- has returned home to their family from care;
- is at risk of 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage;
- is a privately fostered child; and
- is persistently absent from education, including persistent absences for part of the school day.

Knowing what to look out for is vital to the early identification of abuse and neglect. If staff are unsure, they should always speak to the DSL (or deputy). If in exceptional circumstances the DSL (or deputy) is not available, this should not delay appropriate action being taken. Staff should consider speaking to a member of the senior leadership team and/or take advice from children's social care. In these circumstances, any action taken should be shared with the DSL as soon as is practically possible.

Role:	Name and contact details:
Designated Safeguarding Lead (DSL)	Sue Blakeley Headteacher
Alternate DSL	Karen Bryan, SENCo/SLT Clare Clarke PIL
Named safeguarding governor	Kathryn Feehan, Teacher Governor
Chair of Governors	Charles Dore/Kathleen Das
School e-Safety Lead	Radha Spratt Britt Haines
Designated teacher for Children in Care and children previously in care (CiC)	Sue Blakeley Karen Bryan

5. Training

The governing body will ensure that all staff receive appropriate safeguarding and child protection training which is regularly updated and in line with advice from SSCB. In addition, all staff members will receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

All new staff members will undergo safeguarding and child protection training at induction. This will include training on the school's safeguarding and child protection policy, the code of conduct/staff behaviour policy and the role of the designated safeguarding lead. Copies of the school's policies, procedures and Part One of KCSiE will be provided to new staff at induction.

The Headteacher will ensure that an accurate record of safeguarding training undertaken by all staff is maintained and updated regularly.

6. Recognising concerns - signs and indicators of abuse.

All staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Abuse is defined as a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or another child or children.

The following indicators listed under the categories of abuse are not an exhaustive list:

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males.

Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education (See section 7: Specific safeguarding issues and Appendix A)

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

<div align="right">(Source Keeping Children Safe in Education)</div>

7. Specific safeguarding issues

All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as of drug taking, alcohol abuse, deliberately missing education and sexting (also known as youth produced sexual imagery) put children in danger.

All staff should be aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but may not be limited to:

- bullying (including cyberbullying)
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
- sexual violence, such as rape, assault by penetration and sexual assault
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse.
- upskirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttock to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- sexual violence and sexual harassment
- sexting (also known as youth produced sexual imagery); and
- initiation/hazing type violence and rituals

All staff should be clear about the school's policy and procedures with regards to peer on peer abuse.

Serious violence

All staff should be aware of the indicators which may signal that children are at risk from, or involved with, serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside the school. All staff, especially the DSL (or alternate), should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding. Assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. It is important that staff provide as much information as possible as part of the referral process. Additional information regarding contextual safeguarding can be found

Further information about specific forms of abuse and safeguarding issues can be found in Appendix A. All staff should familiarise themselves with this.

8. Curriculum

The governing body will ensure that children and young people are taught about safeguarding, including online safety, through teaching and learning opportunities as part of a broad and balanced curriculum. This is in order to help children stay safe, recognise when they do not feel safe and identify who they might or can talk to.

This may include covering relevant issues through Relationships Education and Relationships and Sex Education (also known as Sex and Relationship Education) and through Personal, Social, Health and Economic education (PSHE).[1]

[1] The government has made regulations which will make the subjects of Relationships Education (for all primary pupils) and Relationships and Sex Education (for all secondary pupils) and Health Education (for all pupils in state funded schools) mandatory from September 2020.

The governing body will also ensure there is a comprehensive curriculum response to e-safetyissues, enabling children and young people and their parents to learn about the risks of new technologies, communication and social media and how to use these responsibly.

The school will ensure that there are appropriate filters and monitoring systems in place to safeguard children and young people from potentially harmful and inappropriate online material.

9. Online safety

The use of technology has become a significant component of many safeguarding issues, forexample, technology often provides the platform that facilitates child sexual exploitation, radicalisation and sexual predation.

There are three categories of risk:

- **Content**: being exposed to illegal, inappropriate or harmful material, for example, pornography, fake news, racist or radical and extremist views;
- **Contact**: being exposed to harmful online interaction with other users, for example, commecial advertising as well as adults posing as children or young adults; and
- **Conduct**: personal online behaviour that increases the likelihood of, or causes, harm, forexample, making, sending and receiving explicit images, or online bullying.

The governing body has had due regard to the additional information and support set out in KCSiE and will ensure that the school has a whole school approach to online safety and has a clear policy on use of communications technology in school.

School staff can access resources, information and support as set out in Annex D of KCSiE.

10. Peer on peer abuse

In most instances, the conduct of pupils towards each other will be covered by the behaviour policy. However, some allegations may be of such a serious nature that they may raise safeguarding concerns. The school is clear that abuse is abuse and should never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up".

Peer on peer abuse can manifest itself in many ways and may include sexual violence and sexual harrassment, physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm, sexting (also known as youth produced sexual imagery), initiation/hazing type violence and rituals.

Any incidents of serious peer on peer abuse will be managed according to school procedures which detail measures to minimise the risk of peer on peer abuse, how allegations of peer abuse will be recorded, investigated and dealt with, and processes for how victims, perpetrators and anyother child affected by peer on peer abuse will be supported.

11. Procedures

If staff notice any indicators of abuse/neglect or signs that a child or young person may be experiencing a safeguarding issue they should record their concerns on a school online recording form for safeguarding concerns and this is notified electronically to the DSL.

What to do if you are concerned.

If a child makes an allegation or disclosure of abuse against an adult or other child or youngperson, it is important that you:

- Stay calm and listen carefully;
- Accept what is being said;
- Allow the child/young person to talk freely – do not interrupt or put words in the child/young person's mouth;
- Only ask questions when necessary to clarify, do not investigate or ask leading questions;
- Reassure the child, but don't make promises which it might not be possible to keep;
- Do not promise confidentiality;
- Emphasise that it was the right thing to tell someone;
- Reassure them that what has happened is not their fault;
- Do not criticise the perpetrator;
- Explain what has to be done next and who has to be told;
- Make a written record, which should be signed and include the time, date and your position inschool;
- Do not include your opinion without stating it is your opinion;
- Pass the information to the DSL or alternate without delay;
- Consider seeking support for yourself and discuss this with the DSL as dealing with adisclosure can be distressing.

When a record of a safeguarding concern is passed to the DSL, the DSL will record the time and date the record of concern was received. The DSL will assess the concern and, taking into account any other safeguarding information known about the child/young person, consider whether it suggests that the threshold of significant harm, or risk of significant harm, has been reached. If the DSL is unsure whether the threshold has been met they will contact the MASH Professional Consultation Line for advice (0345 606 1499). Where appropriate, the DSL will complete and submit the SSCB multi agency referral form (MARF) (available on the SSCB website)[4].

Where the DSL believes that a child or young person may be at imminent and significant harm risk of harm they should call Customer First immediately and then complete the SSCB MARF within 24hours to confirm the referral. In these circumstances, it is important that any consultation should not delay a referral to Customer First.

Where a safeguarding concern does not meet the threshold for completion of a MARF, the DSL should record how this decision has been reached and should consider whether additional needsof the child have been identified that might be met by a coordinated offer of early help.

School staff might be required to contribute to multi-agency plans to provide additional support tochildren. This might include attendance at child protection conferences or core group meetings. The school is committed to providing as much relevant up to date information about the child as possible, including submitting reports for child protection conference in advance of the meeting inaccordance with SSCB procedures and timescales.

Where reasonably possible, the school is committed to obtaining more than one emergency contact number for each pupil.

---

[4] N.B. The exception to this process will be in those cases of known FGM where there is a mandatory requirement for the teacher to report directly to the police, although the DSL should also be made aware.

School staff must ensure that they are aware of the procedure to follow when a child goes missing from education. In such cases, the Headteacher or the Attendance Officer will contact Suffolk Local Authority as soon as possible by telephone and then follow up by submitting the appropriate form. Further information can be found in Appendix A.

12.   Information sharing, record keeping and confidentiality

Information sharing is vital in identifying and tacking all forms of abuse.

As part of meeting a child's needs, the school understands that it is critical to recognise the importance of information sharing between professionals and local agencies and will contribute to multi-agency working in line with Working Together to Safeguard Children. Where there are concerns about the safety of a child, the sharing of information in a timely and effective manner between organisations can reduce the risk of harm. Whilst the Data Protection Act 1998 places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information where the failure to do so would result in a child or vulnerable adult being placed at risk of harm. Similarly, human rights concerns, such as respecting the right to a private and family life would not prevent sharing where there are real safeguarding concerns.

Staff will have regard to the Government guidance: [Information sharing: advice for practitioners providing safeguarding services.](#)

Well-kept records are essential to good child protection practice. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements, staff should discuss with the DSL.

The school will have regard to SCC [Guidance for schools on maintaining and transferring pupils safeguarding/child protection records](#).

The school recognises that confidentiality should be maintained in respect of all matters relating to child protection. Information on individual child protection cases may be shared by the DSL or alternate DSL with other relevant members of staff. This will be on a 'need to know' basis and where it is in the child's best interests to do so.

A member of staff must never guarantee confidentiality to anyone about a safeguarding concern (including parents / carers or pupils), or promise a child to keep a secret which might compromise the child's safety or wellbeing.

The school will always undertake to share its intention to refer a child to Social Care with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, staff will consult with the MASH Professional Consultation Line on this point.

13.   Managing allegations made against members of staff or volunteers

The school will follow the SSCB [Arrangements for Managing Allegations of Abuse Against People Who Work With Children or Those Who Are in A Position of Trust](#) if an allegation is made against an adult in a position of trust.

An allegation is any information which indicates that a member of staff /volunteer may have:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates he/she may pose a risk of harm to children.

This applies to any child the member of staff/volunteer has contact with in their personal, professional or community life. It also applies regardless of whether the alleged abuse took placein our school.

If any member of staff has concerns that a colleague or volunteer might pose a risk to children, it istheir duty to report these to the headteacher. Where the concerns or allegations are about the headteacher, these should be referred to the Chair of Governors.

The Head of School/Chair of Governors should report the concern to the Local AuthorityDesignated Officer (LADO) within one working day.

The corporate director for Health, Wellbeing and Children's Services, has identified dedicated staff to undertake the role of LADO. LADOs can be contacted via email on LADOCentral@suffolk.gcsx.gov.uk or by using the LADO central telephone number: **0300 123 2044** for allegations against all staff and volunteers.

14. Whistleblowing

The governing body recognises that children cannot be expected to raise concerns in anenvironment where staff fail to do so.

Whistleblowing is 'making a disclosure in the public interest' and occurs when a worker (or member of the wider school community) raises a concern about danger or illegality that affects others, for example, pupils in the school or members of the public.

All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions/inactions of colleagues, poor or unsafe practice and potential failures in the school's safeguarding arrangements.

The governing body/proprietor would wish for everyone in the school community to feel able to report any child protection/safeguarding concerns through existing procedures within school, including the whistleblowing procedure adopted by governors/proprietor where necessary. However, for members of staff who do not feel able to raise such concerns internally, there is a NSPCC whistleblowing helpline. Staff can call 0800 028 0285 (line available from 8.00am to 8.00pm, Monday to Friday) or email: help@nspcc.org.uk

16. Appendix A

Further information on specific safeguarding issues (source: Annex B, KCSiE)
Annex B: Further information
Annex B contains important additional information about specific forms of abuse and safeguarding issues. School and college leaders and those staff who work directly with children should read this annex.
As per Part one of this guidance, if staff have any concerns about a child's welfare, they should act on them immediately. They should follow their own organisation's child protection policy and speak to the designated safeguarding lead (or deputy).
Where a child is suffering, or is likely to suffer from harm, it is important that a referral to children's social care (and if appropriate the police) is made immediately.
